

# **Empire Collection**

# The new basics.

Made to order  
handmade area rugs.

Sourced from around the world, our rugs are handmade to order in Europe, Nepal and India by artisans using traditional carpet-making techniques.

We use the highest quality natural fibers such as wool, linen, silk, and tencel. Our thoughtful, wide-ranging color palette by award-winning color expert Kristie Strasen of Textiles + Color is fresh and modern but also rich and subtle. Many patterns offer color and texture crossover between styles, helping designers cohesively specify larger sized projects. We think of our collection as the place where classic carpetmaking methods and materials meet contemporary texture and classic color. The new basics.
